### 1990 TOYOTA PAINT CODES AND REFINISH FORMULA CODES

Attached for your reference is a listing of all 1990 paint codes and refinish paint codes for five refinish paint manufacturers – BASF, DuPont, PPG Industries, Sherwin Williams and Sikkens.

**Please Note:**

- All colors listed in **bold** are new for 1990.
- Colors listed as Pearl or Metallic (M) have a clearcoat top coat finish.
- Colors 042 (Pearl White), 049 (Pearl White) and 051 (Diamond White Pearl) are tricoats (three stage paints), consisting of a base color coat, pearl (mica) coat and a clearcoat.
- Sikkens paint formulas are not separately listed in this bulletin since their paint codes simply add the characters "TOY" to our color codes in their literature. For example: Toyota color code 8D8 (Light Blue Metallic) is identified by Sikkens as "TOY 8D8."

**PLEASE CONTACT YOUR LOCAL PAINT REPRESENTATIVE FOR THE ACTUAL PAINT MIXING FORMULAS OR FOR ADDITIONAL ASSISTANCE FOR COLOR MATCHING**
