

Introduction

When inspecting or making brake booster push rod adjustments with SST 09737-00010, it is necessary to assure proper tool configuration prior to use. The SST has a reversible center plunger that allows it to function on a wide range of Toyota vehicles. Prior to using, verify that it is configured correctly for the application by checking the master cylinder outer diameter at the point illustrated below. The dimensions for the SST, Part Number 09737-00010, are also shown in the illustrations below.
