## CALIFORNIA VEHICLE EMISSIONS CONTROL INFORMATION LABELS

Page 1 of 2

California Revenue and Taxation Code Section 6263 states that only vehicle manufacturers or a person authorized by a manufacturer may affix an Emission Control Information Label (see sample) to a vehicle. Any person who violates this regulation may be subject to a \$5,000 fine and/or one year in jail.

Personnel at franchised dealers are authorized to affix such labels to vehicles and are therefore subject to this regulation and the attendant penalties.

- 1) DO NOT SELL LABELS OVER THE COUNTER, ALWAYS INSTALL THE LABEL ON A VEHICLE.
- 2) NEVER INSTALL A LABEL ON A VEHICLE THAT IS NOT A CALIFORNIA EMISSION CERTIFIED VEHICLE.

To ensure the correct application of these labels, it is necessary to use the following special ordering procedures to obtain a replacement label.

- Make a copy of the form provided on page 2 of this bulletin.
- Fill in the required information and mail the form to the address indicated.
- Include the old label with the order.

**Note:** California Vehicle Emissions Control Labels cannot be ordered using normal parts ordering procedures.
