## SHIFT LOCK OVERRIDE BUTTON COVER

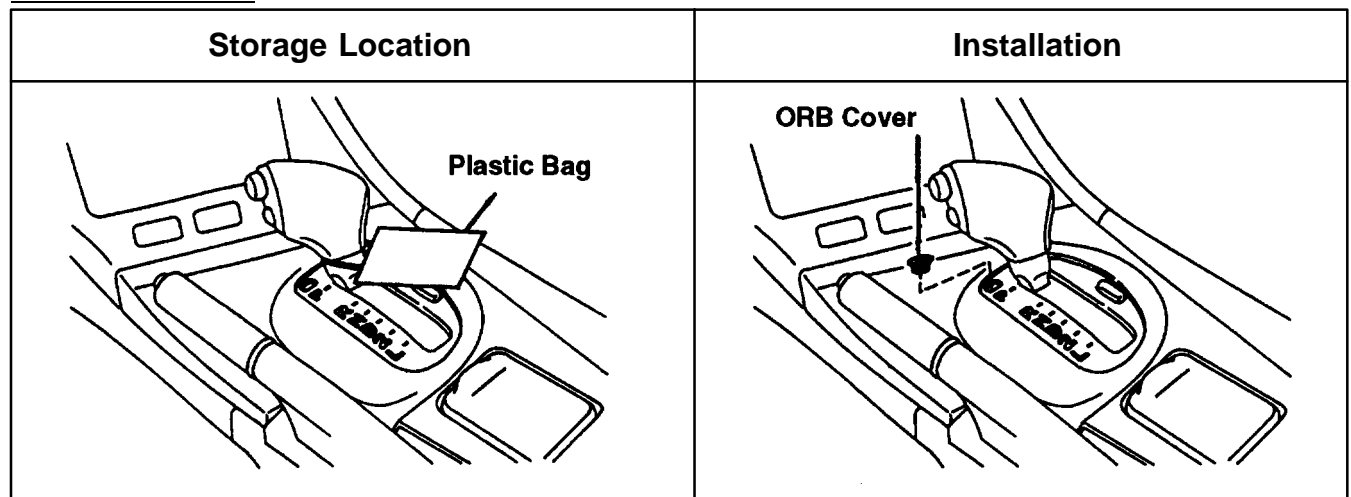

Page 1 of 1

The automatic transmission shift lock override button (ORB) is standard equipment on the new 1993 Supra in accordance with FMVSS No. 114.

For transport convenience, the ORB cover is packaged separately in a plastic bag at the factory and is fastened by a rubber band to the automatic shift lever as shown below.

Install the ORB cover in the hole in the shifter plate during PDS (Pre-Delivery Service).
